Total # of hours worked this week: [7.5]

What you accomplished (or attempted) this week:

I have currently finished all of my logistic regression work for Question 3. I calculated the accuracy of the model, displayed a confusion matrix, and finally calculated the precision and recall of the two salary categories. I have started formatting my presentation, I will be practicing it starting next week.

Any setbacks/roadblocks you experienced:

I wasn't able to fully finish the presentation, I will be completing it at the start of next week.

What you plan to work on next:

I plan on working on Question 4 and finish it before Spring Break.

Are you on track? If not, how will you get back on track?

I am currently on track for my project.
