Week 4 Progress Report
DATA 450 Capstone

Nick Nemkov

Week ending: 2/16/25

Time Log

Day	Time	# Hours	Task(s)	GH Commit(s)
Mon.				
Tue.				
Wed.				
Thu.				
Fri.				
Sat.				
Sun.	[2-6pm]	[1]	[Load in datasets, check for NA values]	Link 1

Total # of hours worked this week: [4]

What you accomplished (or attempted) this week:

I have loaded in the adult.data and stat_M2023_dl.xlsx files and began performing EDA on the dataframes. The adult.data file needed a manual input of a header. Direct paths to the files were used to read in the files to a Jupyter notebook file. I also began to check the adult.data dataset for any NA values.

Any setbacks/roadblocks you experienced:

Need to revise questions for proposal.

What you plan to work on next:

Question 1 will be started next week. Possibly finished by the end of next week.

Are you on track? If not, how will you get back on track?

I am not on track due to revisions needed to be done to the proposal. I will continue throughout Sunday to add to the proposal research questions. Next, week I will begin the actual research questions.
